

Junior Interclub 2019/20 Age Groups Explained

A player **must** play in his/her own age group, based on the age as at **30 April 2020**. For example

- If a player turns 13 years old on or before 30 April 2020, he/she cannot play in the 12 and under interclub competition this season.
- If a player turns 13 years old on 1 May, 2020 or after, he/she can play in the 12 and under interclub competition this season.

Exceptions

If you have three players at your club who qualify for an age group team and one player who just misses out because of his/her birthday, please ask us for dispensation. We would rather a player stays with their friends and carries on enjoying their tennis than move to a grade that is too strong for them. We also want to assist you in entering teams, not make it more difficult for you.

Clubs can enter combined teams with other clubs. Taking two players from one club and three players from another, and placing them in the right grade is a better solution than playing players out of their age or ability group.

Work together with other club's Junior Organisers, especially those at nearby clubs, to provide your players with the most enjoyable tennis experience.
