

The Parents Charter

1. We all play to have FUN! Chill out! Your Kid will like you MORE!
2. Let your child practise, play, win and lose and learn from the experience by themselves. Let it be their experience not yours.
3. Success and failure are not defined by winning and losing. Winning is performing to your potential not beating an opponent. Losing identifies the areas of opportunity to improve.
4. Encourage your child to compete. Compete comes from Latin and means “strive together” which mean a worthy opponent is essential to continued improvement.
5. Don't pack and carry their bag! Their brain and legs need the workout!
6. Natural talent is great however hard work and commitment are more important and will get you further than talent alone!
7. Get them to practise to get it right and then practise until they can't get it wrong.
8. If you want your child to cope with the frost, don't grow them in the greenhouse!
9. Good sportsmanship goes beyond the game, it starts with respect.
10. If you have a bad day at the office you want space... so do they... So don't dwell
